

Prayer for our Migrant and Refugee sisters and brothers

God of the journey, bless all migrants whose lives echo the ancient pilgrim path. May their courage in leaving behind the familiar be a testimony of HOPE for a world often closed in fear. Let their footsteps preach PEACE, and their endurance proclaim your promise of NEW LIFE.

Holy Spirit, guide your church to be shelter and a light for all on the move.

In this Year of Pilgrims of Hope, may we walk with the displaced with hearts open wide and hands ready to serve. May our encounters with all migrants, and their interactions with us, be encounters with Christ Himself. Amen
